Herb has been the Nebraska BLA since August 1997 and a "badge and gun" guy since 1973. He was a cop in a medium size city (by Nebraska standards) for eighteen years and prior to that a Deputy Sheriff in Knox County, Nebraska. He believes he has the best job in State government because Nebraska is a small enough boating state he can 'saddle up' and patrol the state's waters as well as investigate boat accidents and teaches boating safety classes.
