Orlando, a city in central Florida, is home to more than a dozen theme parks. Chief among its claims to fame is Walt Disney World, comprised of parks like the Magic Kingdom and Epcot, as well as water parks. Another major destination, Universal Orlando, offers Universal Studios and Islands of Adventure, with the Wizarding World of Harry Potter. In most years, Orlando averages a daily maximum temperature for February that's between 71 and 77 degrees Fahrenheit (22 to 25 degrees Celsius). The minimum temperature usually falls between 49 and 55 °F (9 to 13 °C). The days at Orlando warm steadily during February.
